By Charles D Collins

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Drafting Room Methods, Standards and Forms: A Reference Book for Engineering Offices and Draftsmen It has heretofore generally been the custom for each company starting or operating a drafting room, to compile its own set of Standard Practice Sheets at much expense of time and with divers results. This book is an attempt to describe methods and illustrate forms which would be generally applicable in engineering offices and drafting rooms and combine with this the conventional symbols or standards for the different branches of drafting, such as Architectural, Electrical, Mechanical, Patent Office, Structural, and Topographical. Provision is also made in the index and at the end of each part for the inclusion of special information, data, instructions, etc., pertaining only to the business of each user, and the addition of which information should be a convenience and a step toward completeness. Parts I and III are intended for those directing a drafting room, as well as draftsmen. The directions for draftsmen and particularly tracers are necessary if uniformity of work is to be attained; otherwise...
