Checkpoint Press, Ireland, 2007. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Had enough of religious fundamentalism? Disillusioned with traditional religions? Can't understand where all the craziness comes from? Well, if you're seeking real answers to tough questions, then this is the book for you. Stirring original, and supported by twelve pages of illustrations, this updated edition of *Psychology, Symbolism, and the Sacred* is a dynamic and entertaining read that offers some truly original insights on issues that concern us all. In discussions exploring the differences between education and indoctrination, and between reality and superstition, Manning shows how no other social institution presumes the right to indoctrinate the young and credulous in ideologies that not only fly in the face of scientific facts, but all too often fuel the divisions and animosities that nurture some of society's most pernicious evils. Relying on the evidence of history, Manning...
