Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.George Sayell was educated at a Grammar School, and then took a Student Apprenticeship in Mechanical Engineering. Most of his career was spent in the automotive industry. He took early retirement aged 61, and seven years later following regular tests was diagnosed with early prostate cancer and treated by Radical Prostatectomy (surgical removal of the gland). Following this treatment the majority of patients make a full recovery within two years. George, though, was less fortunate in suffering from side effects to an extreme degree, the worst case scenario , and as a result required further treatment. George remains fit and active with varied interests including model engineering, World War One, industrial archaeology, weaving, and gliding. He lives with his wife in the Midlands. They have two daughters, four grandchildren, and one great-grandson. Andy Watt is an illustrator whose work can be seen in the UK and overseas press, in books and in advertising campaigns. See him at book may benefit patients facing or undergoing treatment for prostate cancer.
