Reviews

This is the very best publication we have read through right up until now. It is one of the most incredible book we have read through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

START SPANISH (LEARN SPANISH WITH THE MICHEL THOMAS METHOD)

CD-Audio. Book Condition: New. Not Signed; Learn over 50 essential words at the heart of Spanish and how to put them together to make yourself understood. This 1-hour basic introduction to Spanish with the Michel Thomas Method will get you speaking the language immediately: no books, no pens, no memorizing - just listen, connect and speak. How does it work? During the course, you will join Michel, Michel Thomas Method teacher Dr. Rose Lee Hayden and two students in a live lesson, hearing both their successes and their mistakes to keep you motivated and involved throughout the course. Within the very first hour you will be able to construct simple phrases by listening and thinking out answers for yourself without the pressure of writing or memorizing. Why is the method so successful? The Michel Thomas Method was perfected over 50 years by celebrated psychologist and linguist Michel Thomas. This unique method works with your brain and draws on the principles of instructional psychology. Knowledge is structured and organised so that you assimilate the language easily and don't forget it. The method breaks down the language into building blocks that are introduced sequentially in such a way that you create your response and move on to ever-more-complex sentences. You'll stick with it because you'll love it. Where do I go next? After you finish your Start course, you can move to the Total Spanish course, which includes 7-hours of audio and a practice CD-ROM. Perfect Spanish follows on from the Total course with 11-hours of audio and a practice CD-ROM. Learn anywhere Don't be tied to chunky books or your computer, Michel Thomas Method audio courses let you learn whenever you want: at home, in your car, or on the move with your MP3 player. book.
